Special Account Needed

---

Lodi PD has been allowed to sell at auction State provided motorcycle parts used in criminal sting operations. The California Highway Patrol provided the parts through a special program several years ago and in lieu of returning the items, we were allowed to sell the parts at public auction contingent on the proceeds being placed in a special auto theft fund per section 9250.14 of the California Vehicle Code. A check for \$630.00 is attached from Rodger Earnst Public Auctioneers.

This special account would be similar in nature to the asset forfeiture fund account with the added stipulation that the funds be used specifically for auto theft investigations of some type.

In accordance with the wished of the CHP I would ask that these funds be placed in the special auto theft account.

Respectfully Submitted,

Captain Jerry J. Adams  
Commander,  
Investigations Division
